Lakeshore Tennis Club Covid-19 Guidelines

Each Player Must:

- Stay home if any health issues or travel history
- Practice physical distancing of other players and equipment
- Bring your own hand sanitizer and use liberally
- Use separate marked balls for individual household players, whether singles/doubles
- If playing doubles, the practice of physical distancing still applies. Each person still uses their own "marked" balls while serving and the other players do not touch those balls.

Other Notes:

- Change over for waiting players is on the hour for singles and doubles.
- Maximum of 8 players on the court
- No benches are on the courts this season to avoid potential contact of equipment or waiting players.

Play and stay safe!
